Dear Director:

Attached is a letter received by David Siegel which he requested be sent to you along with his profound appreciation for all we've done and shall continue to do in support of Victoria's Voice. His thanks and recognition of your efforts and, of course, the cause itself, encourages us to do more.

I would appreciate your placing this letter in a special location on your state website and maintain it there through the conclusions of our August 26 Mrs. America competition.

Warmest Regards,

A handwritten signature in black ink, appearing to read "David", is written over a horizontal line.

Dear David,

Thank you for your steadfast devotion to ending the drug abuse epidemic that is ravaging communities across America. This battle is personal for far too many families, including yours.

I appreciate your input on selecting the next Director of National Drug Control Policy. We need strong leaders in place as we reinvigorate our national effort to stop drugs from pouring into our communities and help Americans in desperate need of treatment.

Your substantial personal efforts, which require you to take time away from your business and family, have been helpful in fighting our epidemic of illegal drugs, helping to ensure that families will no longer endure the tragedy of losing a loved one to drug abuse.

Thank you, again, for your support. I appreciate your valued offer to engage with me and my Cabinet as we move forward.

Sincerely,

 WESTGATE RESORTS

David Siegel
